

Peltor™ WS™ XP & WS™ ProTac™ XP Ground Mechanic Headsets

The Peltor Ground Mechanic WS XP Headset and ProTac XP Headset are hearing protectors that feature Bluetooth technology. The Bluetooth connection between headset and adapter ensures an efficient and safe push back. The headset provides effective noise attenuation when sound level is high.

- Wireless connection to WS Ground Mechanic adapter using Bluetooth™ technology
- DSP (Digital Signal Processor)
- Supports Bluetooth A2DP profile for streaming high quality stereo sound
- VOX (Voice Operated Transmit)
- Cockpit notification and connection control
- The headset and adapter can be up to 10 metres apart and out of visible range without losing contact
- Volume and PTT (push to talk) buttons are on the shell
- High-attenuating shells with optimised acoustic design, spacial ear cups offer great sound quality and comfort
- Dynamic speech microphone with effective noise compensation for clear and reliable communication
- Socket for an External PTT
- Wireless connection to WS5 Ground Mechanic adapter using Bluetooth™ technology "FL6007-WS5 GB".
- WS ProTac XP includes Level dependent function in stereo that lets you hear ambient sound: conversation, machine sounds and warning signals

Hearing Protection Solutions Made Innovatively Easy

detection

Detecting and monitoring noise exposures in the workplace is the first step to ensure your workforce is protected. 3M's accurate, reliable, and flexible instrumentation coupled with powerful software is the innovative solution for your noise detection challenge.

protection

It is critical to select hearing protectors that your employees are motivated to wear. 3M has a broad selection of hearing protectors for a wide range of environments. Trouble fitting your earplugs? Need to communicate in noise? Dirty hands? Hot, humid conditions? These are just a few of the many challenges that 3M's innovative products can help solve for you.

validation

3M™ E-A-Rfit™ Validation System utilizes F-MIRE technology to measure and obtain an objective, quantitative level of employee hearing protection in just 10 seconds per ear. Workers receive their own personal attenuation rating (PAR) and learn how correctly fitting their earplugs increases their level of protection.

3M customers can also contact 3M TechAssist on
1800 024 464 (AU) 0800 364 357 (NZ)
 to answer questions on product information, technical
 advice and guidance with product selection.

▲WARNING

Hearing Protection Products*

These hearing protectors help reduce exposure to hazardous noise and other loud sounds. **Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury.** For proper use, see supervisor, User Instructions, or call the 3M Personal Safety Technical Service team. If there is any drainage from your ear or you have an ear infection, consult with your physician before wearing earplugs. Failure to do so may result in hearing loss or injury.

Choking Hazard—Keep away from infants and small children.
