

3M™ Peltor™ PowerCom™ BRS – UHF Two-Way Headset Radio

PELTOR™

The Sound Solution

Communication Simplicity All-in-One Productivity

In today's competitive manufacturing environment, you need efficient tools to help improve employee safety and productivity.

The PowerCom BRS two-way headset radio features an all-in-one design that simplifies communications between workgroup members. This comfortable, easy-to-use headset radio is an efficient alternative to conventional portable radios, and offers an affordable way for your workgroup to better communicate safely in noisy environments.

3M

The 3M™ Peltor™ PowerCom™ BRS – UHF Two-Way Headset Radio

An easy-to-use, workgroup communication radio for use in high-noise environments.

Designed for use in construction, manufacturing, processing, equipment maintenance, crane operations and many other applications in noisy environments, the innovative Peltor PowerCom BRS headset radio helps your workgroup improve performance through better communications. It delivers the convenience of cable-free operation, while providing the hearing protection workers need to help protect them from workplace noise hazards.

Product Features:

Other Features Include:

- Compatible with conventional BRS hand-held radios programmed to the same frequencies
- Uses two AA batteries or rechargeable Ni-MH battery (rechargeable battery pack sold separately)
- 20/150 mW selectable transmit power settings
- Narrowband mandate compliant
