CradlePoint PoE Injectors and Splitters
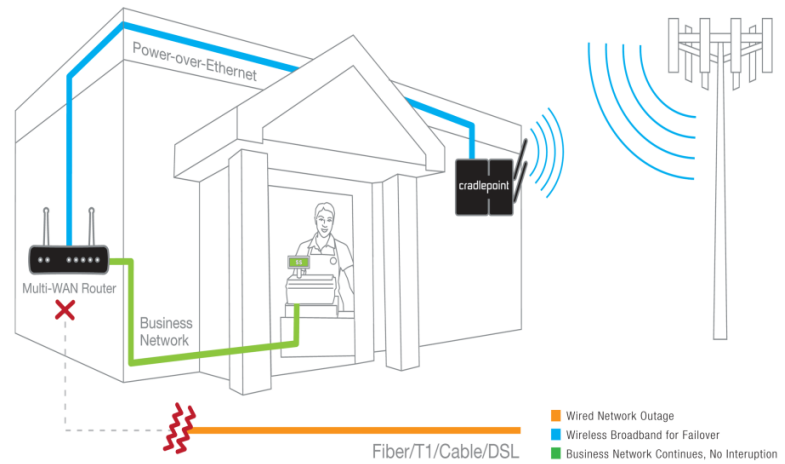

Power Over Ethernet (PoE) To Enable Flexible Mounting Locations

Supported Products:
CBA750, ARC CBA750
COR IBR600 (with PoE splitter)
COR IBR650 (with PoE splitter)

CBA750 is a PoE Class 3 (Compatible with 802.3af of Class 3 powered devices) and the powered Ethernet Cable plugs directly into the CBA750.

CradlePoint COR can receive power through a GPIO power cable accessory.

PoE Injectors (Injects power into Ethernet Cable)
CradlePoint has tested and approved these 3 models.
