Panasonic recommends Windows 8.

## Complete Workforce Mobility Solutions

Panasonic Toughpad™ tablets are engineered with enterprise-grade security, seamless connectivity and a long legacy of reliable computing to create the most purpose-built tablets ever for mobile workers in any industry.

### 10.1" TOUGHPAD FZ-A1 Powered by Android™

The fully-rugged Toughpad FZ-A1 is great for clipboard replacement, featuring a big daylight-readable display and true flexibility with docks, slots and a Micro-USB port.

- Android 4.0
- Daylight-readable multi touch + digitizer screen
- All-weather, dust and water-resistant
- Withstands multiple 4' drops
- Long battery life
- GPS (SiRFstarIII™), Wi-Fi, Bluetooth® and optional 4G LTE with satellite GPS
- Forward and rear-facing cameras
- 3-year warranty with business-class support

### 7" TOUGHPAD JT-B1 Powered by Android™

As the lightest Panasonic mobile computer on the market, the fully-rugged Toughpad JT-B1 is ideal for one-handed use and is small enough to fit in a coat or cargo pocket.

- Android 4.0
- Daylight-readable 4-point multi touch screen
- All-weather, dust and water-resistant
- Withstands multiple 5' drops
- Long battery life
- GPS (SiRFstarIII™), Wi-Fi, Bluetooth® and optional 4G LTE with satellite GPS
- Forward and rear-facing cameras
- Micro-USB port and MicroSD card slot
- Near Field Communications (NFC)
- 3-year warranty with business-class support

### 10.1" TOUGHPAD FZ-G1 Windows® 8 Pro

The fully-rugged Toughpad FZ-G1, operating on Windows® 8 OS, delivers a fluid user experience while providing essential port connectivity and feature-rich options in a compact package.

- Intel® Core™ i5 CPU
- Daylight-readable 10-point multi touch + digitizer
- All-weather, dust and water-resistant
- Withstands multiple 4' drops
- Long battery life
- Wi-Fi, Bluetooth® and optional 4G LTE multi carrier mobile broadband with satellite GPS
- Forward and rear-facing cameras
- USB 3.0 + HDMI ports, optional barcode reader, GPS (SiRFstarIII™), serial dongle, Ethernet, MicroSD or 2nd USB port
- Integrated SmartCard or magnetic stripe reader
- 3-year warranty with business-class support

### 7" TOUGHPAD FZ-M1 Windows® 8 Pro

The Toughpad FZ-M1 is the world's first fully-rugged 7" Windows® 8 tablet with an Intel® Core™ i5 vPro™ processor.

- Intel® Core™ i5 CPU
- 10-point capacitive multi touch daylight-readable screen
- All-weather, dust and water-resistant
- Withstands multiple 5' drops
- User-replaceable battery, optional bridge battery and long life battery
- Wi-Fi, Bluetooth®, and optional dedicated GPS or 4G LTE multi carrier mobile broadband
- Forward and rear-facing cameras
- USB 3.0, optional NFC, Ethernet, serial, SmartCard, magnetic stripe and barcode reader
- 3-year warranty with business-class support

### 20" Toughpad 4K Windows® 8 Pro

The business-rugged Toughpad 4K is the highest<sup>1</sup> resolution display ever sold commercially with nearly 10 million pixels—all in a portable, lightweight 20" tablet.

- Intel® Core™ i5 (Standard model) or i7 (Performance model) CPU
- 10-point capacitive multi touch IPS alpha display; supports bare hand touch and gestures and optional optical electronic touch pen
- 230ppi resolution
- 2.5' drop rating (back side when operating); 1' drop rating (26 angles when not operating)<sup>2</sup>
- Wi-Fi and Bluetooth®
- Forward and rear-facing (Performance model) cameras
- Dedicated NVIDIA® graphics
- Mini display port (Performance model)
- 3-year warranty with business-class support

### Work Confidently, Anywhere

Fully-rugged Toughpad tablets are MIL-STD-810G and IP65 certified<sup>3</sup> and resistant to dust, water and up to 5'<sup>2</sup> drops, so mobile users can work without restrictions even in extreme temperatures.

### Keep Your Mobile Data Secure

Each model contains software security to keep your data safe, as well as individual security features. For example, the Toughpad FZ-A1 includes hardware encryption and a dedicated processor that keeps secured information separate from the main processors for ultimate device protection.

### Protect and Manage Your Field Tablets

Panasonic tablets are compatible with device controls for Mobile Device Management software, which allows the tablets to be managed and highly secured by a network administrator.

### Send and Receive Data in a Blink

Available 4G LTE broadband delivers faster, more reliable speeds for better information delivery.

### Get The Support to Succeed

An extensive group of dedicated partners is always there to provide you with everything you need, in terms of accessory hardware, software and services, to ensure a complete, worry-free and industry-specific workforce mobility solution.

<sup>1</sup> As of press time.  
<sup>2</sup> Toughpad 4K tablet resists 12" drops to 26 angles (non-operating) and 30" drops to its base (operating). Drop rating will vary and is not guaranteed.  
<sup>3</sup> Excludes Toughpad 4K tablet.
